

'Just Looking?': Evaluating Risk in Online Behavior

Presenter: Joe Sullivan, PhD of Forensic Training Solutions

Presented by: The Center for Children

The course teaches participants to:

- Identify the potential applications of behavior analysis in working with offenders who use technology to facilitate offending
- Identify the key issues in 'image based child sexual exploitation
- Use behavior analysis tools in analyzing evidence in child sexual exploitation cases
- Identify the key risk factors in cases involving indecent images of children
- Understand how women use technology and internet to facilitate the sexual exploitation of children
- Recognize 'chat based' child exploitation and online grooming behaviors

There is no prerequisite for this course. This training is reserved for professionals who work in this arena (law enforcement, probation, social workers). We reserve the right to deny participation to any registrant who does not meet that criteria.
